

**Statement by Connecticut Association of School Psychologists on Connecticut Office of
Child Advocate Report on Newtown Shootings**

Southbury, Connecticut—Statement by the Connecticut Association of School Psychologists

“First, and foremost, our thoughts continue to be with the community of Newtown as they move forward in the healing process. At this time we cannot comment fully on the extensive report released today until we have read it thoroughly. This report is extremely detailed and provides specific information regarding a large amount of information. To comment further without comprehensively reviewing the information contained within the report would not be appropriate.

CASP is dedicated to supporting our membership and all practicing School Psychologists within the state of Connecticut. Please feel free to contact me should you feel the need. You can reach me at casp.president1@gmail.com.”

Respectfully,

H. Thomas Brant, MA CAS
President
Connecticut Association of School Psychologists
